TESTIMONIALS

"Thank you for everything you did to coordinate our meetings. And, I wanted to let you know how extremely helpful everyone was – just did everything we needed whenever we needed it. It was great that they were flexible where some of our meetings went too long, etc. and they coordinated them with meals. Again, thank you – it was a great job."

-Joanne Casey, Physicians Interactive

"We absolutely loved Jonathan's and everyone had a spectacular time. We will certainly be back! This retreat was a big hit! Thanks again so much for working with us to make every detail perfect!"

-Morgan E O'Neill, Program on Atmospheres, Oceans and Climate, MIT
